

## Institutional Distinctiveness

In 1978, Raver Parisar Shikshan Prasarak Mandal's established the institute in Raver, surrounded by the rural areas for providing educational opportunities. The College has completed 42 years of its existence by promoting excellence in the field of education, sports and other extra- curricular activities. The college fulfils its mission of creating an educational environment. The distinctiveness of the institution lies in the socioeconomic development. Some important features of our institute are well qualified staff, pollution free atmosphere, opportunity of vertical academic progress for prominent students from UG to Ph. D.

Besides, academics our students have brought success to the Institution by excelling in various sports activity at State and Inter-Collegiate level, social responsibility through N.S.S. The performance of our students in sports is exceptional in spite of the fact that majority of them have a rural background. Martial arts training program for female students encourage healthy self-defence development. In a changing world, where men have dominated creates so many problems for female generations. For a majority of women, it is now become important to learn how to keep themselves safe as they move from small towns and villages to cities. Martial arts training is a great way to fight this issue because it teaches them how to face stress in our lives and to protect themselves. Our yearly organizes such type of karate training program for female students, which helped the students to have a healthy mind in a healthy body.

Various committees in the college-initiated programmes and progressiveness among the student community. Institute specifically celebrates the day for the students in order to know the importance of the day. Savidhan (Constitution) day for the importance of Savidhan in our daily life, Vachan Prerana Day for to increase to reading habits among the students, Ozone Day was

focus on the students of current environmental issues etc. Theoretical teaches the reasoning and theory of knowledge, while practical knowledge is gained by doing things for to gain the theoretical knowledge. Study tours gives good opportunity to interact with the experts, developed their confidence and increase students learning experience. Institute organized study tour for the students, in this academic year Department of chemistry leads the students at Jain Valley as well as Gandhi Teerth at Jalgaon.

Institute have been also caution regarding to the universal problems. A workshop on AIDS, as well as in collaboration to other bodies college organise one day's blood donation camp in the premises. In this camp, not only the men students but female students also spontaneously donate the blood in this camp. Other activities were also run in the institute to increase their social responsibilities. In this academic year 2019-20, the college organizes National Workshop on "Development of E-Content for Effective Teaching & Learning" This workshop was jointly organized with Knowledge Resource Centre KBCNMU, Jalgaon.

Research is the systematic investigation and study of materials and sources in order to establish facts and reach new conclusions which reflects in the quality of work done so far for the benefit of the society and mankind. As a consequence, the College established Doctorate in Philosophy centre in Physics and Chemistry subject. This institution is known in the area having 04 students registered for Ph.D.
