# "Book Exhibition to achieve more knowledge"

**"Book Exhibition to achieve more knowledge"** is an initiative of the department of library and celebrate Dr A P J Abdul Kalam birth anniversary as world student's day on 15 October 2022. Students have many things chosen for them in their day-to-day lives; a book exhibition gives them the power to feel they are in control. Whether they choose a book of late heroes that inspired them in their future life or to choose a story book takes them on an adventure or one that is relatable, it is their story and their choice.
