### **Schemes run by the Department in the coordination with the university**

#### **Economically Backward Student Support Scheme:**

The Economically Backward Student Support Scheme has been introduced in the academic year 2011-12 by the University for providing financial support to the economically backward students enrolled in college.

#### **Karmaveer Bhaurao Patil Earn and Learn Scheme :-**

The main objective of the scheme is to develop a student as a multifaceted personality with academic excellence and commitment to an egalitarian society. India lives in villages and to bridge the gap between rural India and urban India, this scheme is basically undertaken for the benefit of students of rural areas, who are economically backward, intelligent, and meritorious but cannot afford higher education, It inculcates in the student the idea that no work is big or small and develops a work culture with the right aptitude. This is a paradigm shift in the way we see higher education. This will make education accessible and available to the poor, needy meritorious and marginalized.

The scheme is currently being implemented at the graduate and post graduate level in the college campus. The students enrolled under the scheme are given the following types of work namely – office work, technical work and field work. While the distributing work almost case is taken that all students get equal opportunity to get all different kinds of work and that each student gets 80 % of technical work and 20 % of fieldwork. Office work includes working at the Library.

#### **Special Programmes & Workshops for Girl students (Yuvati Sabha) :-**

This scheme is run by college in coordination with University to develop confidence and personality of a girl student who comes from the rural areas and deprived sections of society called as yuvati sabha. The marginalization and deprivation is double if you are a woman and from the backward or scheduled castes. The main objective of this scheme is to develop a critical mind, self-confidence and a commitment to society. The girl students are given training in health, law and social activities. They are also given training in self-employment and all possible other activities that enhance her social confidence. This scheme is open to all regular girl students in college. Funds for organizing these activities are provided by the University.
